

D-Sub & All Circular Series Hermetic Feedthrough

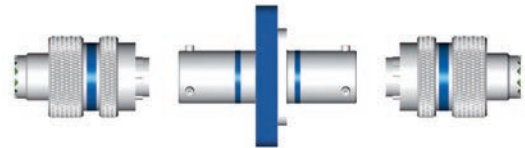

Glass Fused Hermetic Through Bulkhead

Connector derivatives from the bulkhead feedthrough range.

Simplified use
Quick & Easy

■ Each face of the receptacle mates to a plug.

Quick cable integration.
Easy maintenance.

Secured pressure differential

■ Glass fused insert enables it to resist high pressure differences, even when unmated. Leakage 1,000 times lower than standard connectors.

Male/male interface

■ Each side of the receptacle is populated with male contacts.

For male/female options, see the reinforced sealing bulkhead range.
